

BIBLIOGRAPHY FOR PROFESSIONAL DEVELOPMENT

This bibliography is highly selective. It was designed to be useful for teachers who are beginning to take more leadership roles in their local areas. I have tried to emphasize practical works dealing with professional development and school change. Hope you find it useful.

American Association for the Advancement of Science (1993). *Benchmarks for Science Literacy*. New York: Oxford University Press.

American Association for the Advancement of Science (1993). *Blueprints for Reform*. New York: Oxford University Press.

Berns, B., et.al. (2000). *Guiding Curriculum Decisions for Middle Grade Science*. Newton, MA: Education Development Center.

Donovan, S., et. al. eds. (1999). *How People Learn*. Washington, D.C.: National Academy Press

Fullan, M. (1991). *The New Meaning of Educational Change*. New York: Teachers College Press.

Lambert, L. (1998). *Building Leadership Capacity in Schools*. Alexandria, VA: Association for Supervision and Curriculum Development.

Loucks-Horsley, S, et. al. (1998). *Designing Professional Development for Teachers of Science and Mathematics*. Thousand Oaks, CA: Corwin Press.
